****Introduction****

This report provides an overview of Sri Hasnika Venigalla's progress in their Mathematics course. As of now, Sri Hasnika has not completed any topics, which indicates that they are at the beginning of their learning journey. This report aims to provide insights into their progress, offer recommendations for improvement, and encourage Sri Hasnika to stay on track.

****Analysis of Completed Topics****

Since Sri Hasnika has not completed any topics, there is no data to analyze. However, this presents an opportunity for Sri Hasnika to set a strong foundation in their Mathematics course. As they begin to complete topics, this section will provide valuable insights into their achievement pace, helping them identify areas of strength and weakness.

****Recommendations for Approaching Pending Topics****

Sri Hasnika has three pending topics: Maths, English, and Physics. To make progress, Sri Hasnika should:

- Create a study schedule to allocate dedicated time for each topic
- Break down each topic into smaller, manageable chunks
- Focus on understanding the concepts rather than just completing the topics
- Seek help from their tutor or instructor when needed

****Conclusion****

Sri Hasnika, this report highlights the importance of getting started with your Mathematics course. While you have not made progress yet, you have the opportunity to set a strong foundation and achieve your goals. Remember, your tutor is available to provide guidance and support. Stay committed, and you will see progress soon.

Next Steps:

- Complete the pending topics, focusing on understanding the concepts rather than just finishing them
- Regularly review and practice what you have learned

- Reach out to your tutor for feedback and guidance

By following these recommendations and staying committed, Sri Hasnika will be able to make progress and achieve success in their Mathematics course.
